All the old friends from **Where's Spot** turn up to play hide-and-seek at **Spot's Birthday Party**. This is even better (if you can imagine it) than that first smash hit of a book. The young reader (or looker can join Spot in his search for hidden friends as they are all kind enough to leave clues sticking out from their hiding places. A very high standard of production makes for visual appeal, readability and durability-essential when the flaps are going to be lifted as many times as these. An 'again and again' book for young children and new readers.

Note. **Where's Spot** and **Spot's First Walk** will be out in Puffin this autumn and there are lots more hardback Spots on the way.)
