Not a lot of story stretched out here although it's all done in a lightly readable way. The real story begins about half way through with 16-year-old Kate's journey to visit the elder sister, Mattie, who ran away four years earlier. It's all about healing old wounds: they are relived first - the death of the parents, Mattie's ex-boyfriend whom Kate loves and the departure of Mattie herself - and then there's reconciliation. Another one to add to the collection of 'Teens' in third-year book boxes, probably.
