After their eventful ghost hunt abroad (Wales), the whole disastrous tribe is back on home ground wreaking havoc once more at Unicorn House. Mrs Bagthorpe's decision to create an equal-opportunity household could be said to be at the root of the trouble, but then Mrs Fosdyke, infatuated by a squatter itinerant, and Daisy, emptying pints of curdled milk into Henry's pond, add their quota to the mayhem. Number seven was to be the last in the outrageous saga, but an eighth is in preparation. Fans young and old will not be disappointed.
